

FR280

WR-28 waveguide isolator

MicroHarmonics

Superior mm-Wave Components

- ◆ Lowest insertion loss
- ◆ Highest power rating
- ◆ Full band test data
- ◆ Full waveguide bandwidth
- ◆ Direct engineering support

Mechanical Specifications

Flange	WR-28	
	UG-599/UM	
Weight	1.8 Oz 52 g	

Electrical Specifications

Frequency	min-max	26.5–40 GHz
Insertion Loss	avg	0.5 dB
Insertion Loss	max	1.1 dB
Isolation	typ min	23 dB
Input RL	typ min	15 dB
Output RL	typ min	16 dB
VSWR	typ max	1.4:1
Reverse Power	max	37 dBm 5 W

Every isolator is tested on a vector network analyzer to verify performance, and the test data is provided.
